Topic: Qualified Business Income Deduction – QBID

Daniel L. Mellor, J.D., LL.M (Kulzer & DiPadova, PA) will explain the mechanics of the new 20% deduction available to owners of pass-through entities under the Tax Cuts and Jobs Act.

Using detailed examples, Mr. Mellor will go step-by-step through the computations every accountant will soon be required to perform for their business clients. Along the way, Mr. Mellor will identify the areas in which additional guidance from the IRS will be necessary, as well as planning opportunities to make sure clients are taking maximum advantage of the new deduction.
